Blanc Spéculoos Dressed in a fine layer of white chocolate is one of the showpieces of artisan biscuits: the famous Belgian speculoos. Its brown sugar and spices are sure to entice you! Delicious humor and fun chocolates in a practical and original box. Resisting is out of the question. The assortment of The Cat chocolates is at your fingertips!

THE POCKETBAGS: a rather slick and sophisticated character who epitomizes the cross between a Belgian chocolate (the best, according to The Cat) and a cat who also happens to be from Belgium (the greatest, according to Galler).
