Product name : Orval 6.2°-1/3L

Summary

The [Trappist Orval](#) beer is delivered worldwide. The distinctive fruity and bitter taste of Orval beer means it has become a genuine reference in the exclusive world of authentic Trappist beers.

Orval beer is a high fermentation beer. The ageing process adds a fruity note, which strikes a subtle balance between the beer's full-bodied yet complex flavour and bitterness.

Description

Orval 6.2°

In contrast to all the others, the Orval Trappist brewery makes only one beer for the general public. It has an

intensely aromatic and dry character. Between the first and second fermentations there is also an additional dry-hopping process. Through this the beer acquires its pronounced hoppy aroma and extra dry taste. Bottled at 5.2% abv - can go up as high as 7.2%
